

NCC NFL PLAYERS

This list was created off of information found on Stats, Inc.'s StatPass system, the official statistic system of the NFL on September 5, 2007. It represents players that would have played in the NCC and have appeared in regular- or post-season games in the National Football League. Pre-season games are NOT included as they are not recognized by the NFL. Note that the years behind the players name is the years that are recognized on the site, but the player may not have appeared in a game in all of the years listed. The years listed with the teams are years that a player actually appeared in at least one game. For instance they may have been on a practice squad or something. Todd Bouman from St. Cloud State is an excellent example of how the years don't match up.
